BRIEF HISTORY OF THE CLUB

Ivory League of Progress is essentially a socio-philanthropic organization which finds relevance in the upliftment of the conditions of the less-privileged in the society, the need-areas of its immediate environment and the progress and well-being of its members.

This philosophy is aptly captured by the mission of the club which is "to promote the material and spiritual well-being of members and impact positively on the society". This club started in 1987 as a thought-child of few young Nigerians mostly friends who after 3-4 years of graduating from the University had a dream of a club to foster social and business networks.

Thus, on Sunday 28th of November 1987 these few friends met and gave birth to Ivory league of Progress. More than three decades on, the club has grown in value and in vision just as members have grown in stature and in status. Majority of our members now hold very responsible positions in both the public and private sectors such as CEO, Executive Directors, senior partners, etc.

As a social club, Ivory League of Progress is devoted to adding value to the society. In an age of crass materialism and easy wealth, we have refused to jettison the noble quest for reason and ideals. We have remained resolute in our belief that ideas, not money, move the world. Upon this premise, the club has over time put together Public Lectures as an avenue for ideas and knowledge promotion and acquisition. Persons who have been speakers at the previous public lectures include Bishop Matthew Kukah, now a Catholic Bishop of Sokoto Diocese and a renowned public commentator on contemporary national issues, Prof. Pat Utomi a prominent developmental economist and former presidential candidate, etc.

On the philanthropic front, the club regularly makes donations to underprivileged homes in Nigeria. Donations in kind and cash have been made to the S.O.S Village in Isolo, Old People's Home, Yaba, and Modupe Cole Home for Disabled and Mentally Retarded, Akoka, Lagos.

During one of our visits to the Modupe Cole Home, members were so moved by the plight of the inmates that the club resolved to Institute a major project for the Home. Thus one of the past events of the club was used as an occasion to raise funds for the establishment of a vocational center for the Home. Money realized has since been used to set up the Ivory Craft Centre at the Home in Akoka.

BRIEF HISTORY OF THE CLUB CONT'D

The center was conceived with the dual purpose of impacting barbing and hairdressing skills on the students and as a source of generating some income for the home from those who would patronize the center.

The club subsidized the running of the center for close to a year thereafter by paying the salaries of the staff, and the rendering of other forms of assistance including a cash gift for electrification of students' hostels.

Another laudable project the club has accomplished is the provision of teaching equipment to the students of the Pacelli School for the Blind in Surulere, Lagos.

In the present dispensation, Ivory League of Progress is focusing its philanthropic gesture on Women and Children with Disability Initiative (WACWDI), Lagos. The club has partnered with the centre by providing relief materials and also providing scholarship for one of the inmates.

The Club has extended its philanthropic gesture to responding to emergency situations. The club donated relief materials to the survivors of the petrol tanker explosion of the Otedola Bridge, through the Lagos State Trauma and Bond Center (LASUTH) in 2019. At the onset of the Covid 19 pandemic in 2020, the club also donated food items and beverages worth millions of Naira to different homes namely; Modupe Cole Homes, Akoka, Lagos, Women and Children with disability initiative, Lagos, Old People's Home, Yaba, Lagos.

Every president of the club past and present has a project tied to their tenures. The current president chose meeting the needs of the physically challenged and disabled people in the society toward this accomplishment. In 2021, the club donated 20 wheelchairs to different beneficiaries in the Lagos area.

In 2022, we are poised to do more by continuing the project of the past president and the current one offering more scholarships to intelligent students with disability up to university level and to donate 100 wheelchairs.

Membership of Ivory League of Progress is open to all graduates of recognized universities in Nigeria and in the Diaspora.

PRESIDENT'S ACCEPTANCE SPEECH

BEING SPEECH BY IVORIAN TUNDE THANI ON THE OCCASION OF HIS INVESTITURE AS THE 8TH PRESIDENT OF IVORY LEAGUE OF PROGRESS ON SUNDAY JANUARY 9, 2022

- The Chairman Senator Musiliu Obanikoro, former High Commissioner to Ghana, former Minister of State (Defense) Federal Republic of Nigeria.
- The Special Guest of Honor, Chief A.A Aribisola (SAN), foremost Insolvency practitioner in Nigeria.
- Our Royal father Oba Dr. Michael Odunayo Ajayi, Arowata Aja II. The Elerinmo of Erinmo Land, Erinmo, Osun State.
- Our Special Guests
- Distinguished IVORIANS and our spouses.
- Ladies and Gentlemen

Let me start by appreciating you for making out time to honor our invitation, despite your busy schedules. It is indeed a sacrifice and show of love for which we are grateful.

THE IDEALS OF IVORY LEAGUE OF PROGRESS

I am an Ivorian and I feel blessed. Ivory League of Progress is a socio-philanthropic club, committed to the less-privileged in the society. We believe in the sanctity of human person, and that everyone is created equal and therefore is deserving of a life of happiness in the realization of his or her full potentials. Over the years, the club has invested much for these special individuals in the society.

I feel elated and singularly honoured to welcome you to my investiture as the 8th President of our great club, Ivory League of Progress and the installation of the other executive members. In order to avoid repetition, a short documentary will be shown soon that will itemize some of our philanthropic gestures.

Fellowship: That's our pedigree. The bond has transcended club membership to brotherliness and one family. Wives and children closely relate and interact. The Motto of the club makes it all the more so...Progress in friendship. Ivory subscribes strongly to family value and uncompromising about integrity. We pride ourselves as being members of the League of Progress. GREAT IVORIANS! GREAT!

Membership: The Club is a collection of like-minded individuals who relate with one another without guise or disguise. Members are from diverse ethnicity, religion and

PRESIDENT'S ACCEPTANCE SPEECH CONT'D

In Ivory we have CEOs of notable establishments, Captains of Industry and Owners of thriving Businesses. It is no wonder why, recently, the Club was able to attract younger and enthusiastic members who are poised to take the Club to greater heights. It is to be noted that I had ran the club for a first tenure, incidentally, through the Covid-19 pandemic period. That period witnessed a leap in the activities of our dear Club which earned us another opportunity to serve.

Accepting to run a second term is my firm belief and commitment to progress as the president of the noble club, Ivory League of Progress for the next two years, with the help of God, the support of other Exco members, past presidents, members and indeed you, our friends and families. I promise to continue to give my best towards services to humanity and growing the club in number and substance. As will also be shown in the documentary, we shall be improving on our past efforts, laying "a long lasting legacy" therefore; we shall be relying on the kind heartedness of our distinguished invited guests towards accomplishing our set objectives.

In summary, our focus for the tenure will include;

- Membership growth, development and retention
- Sponsorship and Scholarship for 100 indigent students at N500,000 each annually particularly the physically challenged.
- Donation of 100 wheelchairs to physically challenged individuals.
- Interventions and Advocacy on situations in the country.

All of these are modestly estimated to cost us Twenty Million Naira (N20,000,0000). As you contribute your seed toward this effort, know that you are giving to touch lives positively, and God will immensely reward you.

Before concluding, permit me to specially thank the Chairman of the occasion, my brother, Senator Musiliu Obanikoro, the Special Guest of Honour, Chief A. A. Aribisola SAN, Royal father, HRM Oba Michael Odunayo Ajayi and other distinguished guests for honouring us with their presence. My special thanks go to the planning committee for a great job, and members for supporting in cash outside their mandatory call. The Almighty God will remember your labour of love.
